Innovative thinking - premium design - exclusive functions

For centuries, the famous exclamation of the Roman Emperor Nero, "**Sanitas Per Aqua**" (SPA), meaning "**Health Through Water**", has symbolized people's instinctual belief and practice in water's curative and transforming powers.

Innovative thinking, premium design and exclusive functions are the driving forces behind the **HYDRAPODS™** family of multi-sensory spa systems. They represent a holistic system of balance and restoration creating a revolutionary improvement for spa and skin care sessions. **HydraJet IR™** capsule allows you to offer clients truly ancient spa solutions to modern concerns.

360° Vichy 20 Shower Jets

The Vichy Shower is integrated into the capsule has 20 jet spray nozzles that surround the body above and below for a 360° hydration, and a thermoregulatory system. The 20 shower jets can be used for thalassotherapy services (in thalassotherapy or sea therapy seawater is used as a form of therapy). Facial & Body cosmetic masks can be used during the session. Facial and body hydration enhanced cosmeceuticals applications and wraps are easy to use, because they are automatically washed off inside the capsule during the active shower jet session. With the adjustable programs of the 360° VICHY 20 shower jets, it is possible to perform contrast hydrofusion sessions (i.e., Scottish shower) in which hot and cold jets of water alternate and create an invigorating result. The integrated **360° VICHY** shower jets can be used as part of a Fitness, Wellness, or SPA service or as single sessions.

Translucent Exterior Shell constantly changes its look as it reflects and glows from the ambient surrounding ambient light or its own Colorbath™ Chromolights system via the pebble-grained, translucent shell, making it a beautiful and stunning focal point for any spa decor.

Stereo Ready for the ultimate relaxation experience, 150 W waterproof speaker which can be easily connected to any audio source. A headphone jack s also included.

Deluxe Color LCD Display operated via a touch button control panel, the sleek multi-language display offers 10 pre-set programs and 1 custom program.

HYDRAPODS™ is stunning in design and provide the perfect spa environment that is easy to use. The powerful synergy and variety of their functions will enable your spa/clinic to offer each individual care adapted to their needs, lifestyle and desires.

HydraJet IR is a state-of-the-art multi-sensory system for body sessions and hydrotherapy services. **HydraJet IR** combines Hydrofusion™, infrared heat and steam, with a Vichy shower system inside a powerful air-jet massage hydrotherapy bath. **HydraJet IR** calls upon the natural healing powers of water, steam, heat and massage for unlimited restorative, customized spa services.

Become one with water

HydraJet IR service provides a combination of steam and infrared heat that conditions the body. Add hydro-massage therapy via the 360° Vichy shower 20 jets (i.e., 10 shower sprays above the body and 10 lower-body shower sprays) and 2-foot massager jets.

"**Become one with water**" is the culmination of SPA – It is clear that the **HydraJet IR** epitomizes the concept of SPA; aiming to restore total body wellness through a myriad of services tried and tested over the ages.

HydraJet IR combines the breakthrough concept of **Hydrofusion™**, the blending of 2-heat technologies - steam and far infrared heat with true hydro-massage therapy, via Vichy shower and underbody water jet massage, creating an unparalleled spa experience in a personal hydro-therapy shower jets. With the enrapturing sensation of the advanced ColorBath™ ChromoLight system, mixing mood with aromatherapy and sound, **HydraJet IR** allows you to offer an invigorating and blissful collection of skin, face and body care sessions while enhancing the best traditional spa services.

Hydrofusion™

Hydrofusion is an extraordinary engineering breakthrough creating a single blended energy force through the harmonization of far infrared heat and steam, allows you to use both of these natural energies individually or simultaneously. Increased body temperatures cause the skin to perspire to keep the core temperature stable, cleansing and hydrating. It also promotes a healthy weight and encourages healthy nutrition and hydration. Together, these elements join forces to optimize body cleansing, moisturization, and can improve physical fitness. Plus improve relaxation, sleep management, including managing stress and these are just a few powerful benefits.

■ **Infrared:** The infrared emitters are engineered to produce comfortable heat within the far infrared category.

■ **Steam:** Moist heat is gentler on the body than the dry heat of a sauna because it softens the skin as it opens pores and stimulates perspiration. Herbs or essential oils infused into steam will enhance the results. **HydraJet IR** features adjustable temperature steam for body and skin therapy (up to 48°C/118°F).

■ **Mist:** A light mist is instantly dispersed over the body via the touch of a button; if desired, you can add minerals and vitamins to the mist creating an added treatment and nutrient similar to all natural hot springs therapies services.

■ **Vitamin/Mineral System:** Dispenses nutrients such as vitamins and minerals into the mist stream allowing skin to transdermally drink up the nourishment of vitamins and minerals. The mist system can have the same benefits as a mineral springs bath.

■ **Aromatherapy:** Two unique aroma reservoirs that vaporize essential oils and herbal extracts to awaken olfactory senses and to enhance results and enjoyment. Pure essential oils and herbal essences stimulate the body through the sense of smell. Aromatherapy essential oils and herbal extracts may be combined to achieve customized results.

■ **Chromolights:** State-of-the-art digital lighting technology chromolights light stations to generate a variety of rich and atmospheric colored lights. Emanating from the translucent pebble-grain shell, the mood enhancing chromotherapy glow will put your client in a total state of harmony and balance. By combining color services with other spa services, their effects are dramatic. Each one of the **HydraJet IR's** pre-set programs features a different Colorbath™ with random color changes and multicolor cross fades made up of all the colors of the spectrum, from soothing and relaxing, to balancing and energizing.

■ **360° Vichy Shower Jets 20:** State-of-the-art dual 360° Vichy shower body spray system features 10 above the body showers 10 under body shower jets with adjustable spray direction for a relaxing total-body massage. 7 pre-set Vichy shower programs are available with Scottish Shower mode, alternating hot and cold jets.

■ **Vibratory Massage Bed:** Engage all of the body's systems to work in unison toward the goal of systemic harmony. Cradling the body, the ergonomically-designed support bed features a patented massage vibration system featuring continuous and pulsating vibration to stimulate the body.

■ **Hand Shower:** An indispensable feature to rinse products from your client's body wrap experience and for cleaning the interior of the unit after each session.

■ **Foot Spray:** two shower jets for Soothe, revive and refresh aching feet with two foot massager jets that spray water gently over the feet for a special spa experience.

Water is the driving force of all nature.

— Leonardo da Vinci

HydraJet IR's state-of-the-art design allows you to offer numerous wellness sessions for your clients. Offering these sessions shows your commitment to the well being of your clients. **HydraJet IR's** supports various body care sessions involving masks, mud masks and sea salts from any product range. A sample of some of the most popular sessions you will be able to offer with **HydraJet IR** include:

■ **Hydrofusion™**: offer a wide range of body care sessions with four pre-set hydrotherapy programs that control 8 back massage jets, 8 side massage jets and 4 foot massage jets. **Hydrofusion™** is the therapeutic use of water in its different temperatures and physical states, such as water, steam, infrared IR and heat.

■ **Re-Mineralizing / Re-Moisturizing / Re-Hydrating**: Body wraps and mask sessions begin by eliminating impurities through exfoliation and second through the application of products containing essential oils, herbs, muds, clays, seaweed or algae. These natural ingredients are rich in vitamins and minerals and help replenish lost nourishment in dry, damaged or aging skin. With the added boost of an effective heat and hydrotherapy technologies, these products will leave even the most damaged or congested skin fresher, cleaner, more hydrated and glowing with health.
