ClubStrong™

Private Sanctuary (1-2 Person) 16 square feet

The **ClubStrong™** is an infrared (IR)/LED sauna that bio-stacks 4 types of IR emitters with intense LED light, 2 sanitation technologies, augmented sound, and electric & magnetic fields (EMF) absorbing technology. The **ClubStrong™** Collection saunas are the fastest heating IR saunas and the only IR saunas that also offer the embracing heat of a traditional stone sauna.

Low Maintenance

Thanks to their resistance to rust and scaling, Incoloy heaters require less upkeep and are less likely to fail.

A woman with long dark hair is sitting on a wooden bench inside a sauna. The walls are made of vertical wooden slats. The entire image has a red overlay. A white text box is on the left, and a row of seven white boxes with black text is at the bottom.

Fastest Heating

The **ClubStrong™** offers faster, safer, and more effective sauna sessions for skin and deep tissue benefits, plus enhanced relaxation and recovery. The **ClubStrong** is the first infrared (IR) sauna that offers the intense heat of traditional rock saunas plus the benefits of Red-Light and IR. Our patented technology combines carbon heaters, Jade, Bian, and Pink Ferric Oxide IR emitters for faster heating with focused benefits.

Superior Durability

Incoloy resists oxidation and corrosion at high temperatures, so it lasts longer than standard metal heaters, especially in high-humidity environments like saunas.

Even, Consistent Heat Output

These heaters distribute infrared heat more evenly and maintain a stable temperature over time, improving the therapeutic experience.

Reinforced Benches

The strengthened benches are engineered for maximum support and longevity, providing durable seating that holds up to daily use. Its spacious design accommodates multiple users, optimizing comfort, time, and service efficiency for your users.

PREMIUM LUXURY INFRARED SAUNAS

Fifteen (15) Bio-Stacked Life-Changing Energies

Dual Infrared (IR) Wavelength System

ClubStrong™ sets a new standard as the first commercial sauna designed specifically for high-traffic environments like gyms, spas, and wellness centers. Constructed from premium Canadian Blonde Hemlock, it features reinforced doors and heavy-duty hinges made from thicker materials to ensure long-lasting durability. The strengthened benches are built to provide solid, reliable seating for multiple users, making it ideal for frequent use. Its spacious design optimizes time and service efficiency, enhancing the overall experience for businesses and their clients.

With a patented dual-infrared emitter system that combines mid and far infrared wavelengths, the **ClubStrong™** offers an advanced red Chromolight & radiant infrared sauna environment that promotes a balanced, rejuvenating energy and heat experience. Featuring 15 bio-stacked natural energies, it provides consistent and even warmth throughout every session. The **ClubStrong™** stands out as the ultimate solution for commercial wellness spaces, combining high-performance results & robust construction with innovative design for durability and efficiency.

BIO-STACKING Principles

Bio-stacking combines multiple wellness technologies that work together to create a more effective outcome.

A man is sitting in a sauna, surrounded by wooden slats. The image is overlaid with various colored rectangles representing different wellness technologies: a large red rectangle on the left, a green rectangle below it, a dark brown rectangle below that, and a pinkish-brown rectangle at the bottom left. The man is wearing black shorts and blue sneakers, and has his eyes closed.

RED-Light

Jade Gemstones

Bian

Pink Ferric Oxide

Gemstone IR Emitters
Incorporates Pink Ferric Oxide, Jade, and Bian gemstones for natural infrared emission energy enhancement.

INCOLOY HEATERS

High Temperature Tolerance
Incoloy can withstand very high temperatures without degrading, making it ideal for repeated use in saunas without risk of failure or warping.

Enhanced Infrared Efficiency
Incoloy heats up quickly and emits far infrared rays efficiently, supporting deep tissue penetration and detoxification benefits.

The World's First Commercial RED-LIGHT INFRARED SAUNA

ClubStrong combines red-light, Infrared-light, near /mid / far infrared heat (up to 150°F) with three (3) semi-precious gemstone emitters for a soothing and relaxing experience. It's a private wellness sanctuary with integrated music speakers for energizing & calming sauna sessions.

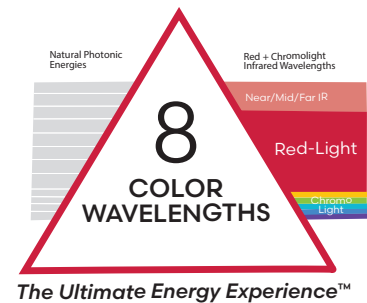

28/56 Chromolight LED Light Boxes

The 2- and 4-person models feature 28 LED Chromolight modules (Red + 7 Colors) while the 6- and 8-person models are equipped with 56 modules offering (8-Colors) wavelengths for a full-spectrum experience.

Benefits of RED-LIGHT Sauna Sessions

- Natural Wellness, Cleansing Perspiration, Improved Energy & Endurance
- A Healthy Wellness Activity for a Better Quality Life
- Weight Loss Goals & Weight Management
- Tranquil Relaxation & Stress Management
- Power Naps & Sleep Management
- Body Firming & Toning
- Enhanced Flexibility
- Soothing Red-Light Sessions

The World's Most Advanced Health Technologies System for general improvement of body and mind, healthy weight loss goals and improved mindfulness. The **ClubStrong** is the ideal thermal healthy lifestyle for everyone.

The **ClubStrong** combines 15 natural wellness energies that can be personally experienced in 15 minutes or less for a healthy lifestyle routine, improving physical fitness, body tone, firming and muscle, developing strength, improving energy and endurance.

Users have shared that they have experienced an increase of mental acuity and better concentration, promoting relaxation and a reduction in stress. **ClubStrong** is the ultimate wellness sanctuary for practicing yoga and meditation.

Modern Human's Wellness is Enhanced by Near / Mid / Far Infrared Light

Environmental Pollution Impacts Wellness:

The modern shift to indoor sedentary living, toxic industrial pollution, climate change, poor diets, lack of exercise, limited outdoor sun exposure, stressful urban culture and environmental pollution have contributed to modern wellness and health problems.

Natural Energies Enhance Wellness & Health:

Passive bio-stacked natural energies enhance fitness, energy, endurance, improve mental acuity, sleep management and help promote a healthy lifestyle.

Profound Effects of Red-Light, Chromolight, Near & Far Infrared Light

Healthy natural red-light, Chromolight, and near / mid / far infrared light, can enhance wellness & improve overall general health. The benefits of natural energies include hyperthermic cleansing, energy enhancing red-light, increased endurance, accelerated fitness recovery, and improved mental acuity.

Natural Energy Bio-Stacking

P.12

Easy Installation

3

Step Three:

Attach the left side wall and latch to back panel.

7

Step Seven:

Position the roof panel in place, connect all wiring and secure on top.

2

Step Two:

Attach the back panel to the floor panel.

4

Step Four:

Attach the right side wall and latch to back panel.

5

Step Five:

Position the calf heaters in place and plug into side walls. Lay the bench panels on top connecting to back wall panel.

6

Step Six:

Position the front door panel in place and latch to both side walls.

1

Step One:

Position the floor panel to your desired location.

8

Last Step:

Plug into outlet and enjoy!

Why Choose ClubStrong™ Red-Light Infrared Saunas?

Carbon & Incoloy Heaters (Far Infrared)

Allows the user to experience soft and comfortable whole body radiant sauna heat. Carbon Heaters provide soft far infrared and multi-wavelength Incoloy heaters placed near the back, sides, and floor of the sauna to maintain even coverage for deep, efficient, and reliable infrared warmth.

28/56 Chromolight Boxes

The 2 and 4 person models feature 28 red Chromolight boxes, while the 6 and 8-person models are equipped with 56 red Chromolight boxes, offering 8 beautiful color wavelengths for a full-spectrum experience.

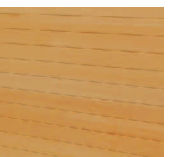

Gemstone IR Emitters

Incorporates Jade, Bian, and Pink Ferric Oxide, natural infrared emitting semi-precious gemstones for natural energy enhancement. Each heater is inlaid with semi-precious infrared gemstones covered with multiple vertical slats to protect the heaters, enhance the safety for all users and offer a beautiful lustrous look.

Himalayan Salt

Integrated pure Himalayan mineral salt tiles that enhance the environment with purifying and calming effects plus 4 healthy trace minerals.

Canadian Blonde Hemlock

The Canadian Blonde Hemlock used in every ClubStrong™ has become increasingly popular for sauna use due to its strength and wear-resistance, keeping your sauna looking good for years to come. The high density of wood and expert craftsmanship found in the ClubStrong™ is the true mark of a premium sauna.

Built for Commercial Use

Features a reinforced construction with three (3) heavy-duty hinges built with durable materials to withstand frequent use in high-traffic environments, ensuring extended longevity.

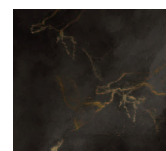

Reinforced Benches

The strengthened benches are engineered for maximum support and longevity, providing durable seating that holds up to daily use. Its spacious design accommodates multiple users, optimizing time and service efficiency for your business.

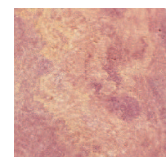

Easy Installation - Our sauna is easy to assemble and requires no additional tools. It can be installed on any type of flooring and only requires a dedicated 20 amp outlet.

Bian

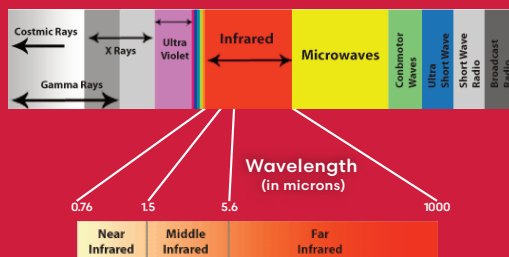

Pink Ferric

ClubStrong™ Advanced Infrared Heat

ClubStrong™ Infrared heat has been patented and differs from traditional infrared systems, dry heat or steam system heat because it combines 15 natural bio-stacked energies for multiple wellness benefits; the deep heat is effective at a lower operating temperature (170°vs 200° for a traditional sauna) to offer greater comfort and ultimate wellness experience. ClubStrong™ Carbon (Far infrared) & Incoloy Heaters (Multi-Infrared) provide Far, Mid and Near infrared heating.

Far (FIR) Infrared Heat

Note: Wellness USA Inc. makes no medical claims as to the specific benefits of its sauna use for individual users. The sauna is not a medical device.
