Deluxe Color LCD Display operated via a touch button control panel, the sleek multi-language display offers 3 pre-set and 1 custom programs as well as various upgrade options (including Video-DVD applications).

Translucent Exterior Shell constantly changes its look as it reflects and glows from the ambient surrounding ambient light or its own Colorbath™ Chromolights system via the pebble-grained, translucent shell, making it a beautiful and stunning focal point for any spa decor.

Stereo Ready for the ultimate relaxation experience, 150 W waterproof speaker which can be easily connected to any audio source. A headphone jack also included.

Discover the Perfect Chemistry for Smooth Glowing Skin

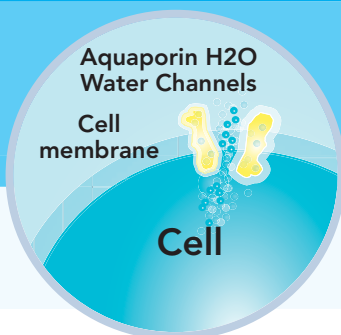

CocoonAqua IR™ premium **Oxygen Science Concentrates** infuse steam with natural herbs, select vitamins and liquid aquaporin nutrients for the appearance of brighter, hydrated, glowing skin! Beautiful skin wellness is easier than ever and is affordable! Our skin tissue is 90% liquid and **CocoonAqua IR™** infuses with special aquaporin liquid vitamins and oxygenated solutions that nutritify with **ALIVE™** liquid-only technology.

Moisture Plumping - Aquafusion Oxygen Science Nutrients & Vitamin Infusion

Use three cap fulls of **Oxygen Science** to infuse liquid vitamins, natural herbs and special extracts with anti-oxidants to calm, plump and hydrate the skin. Supplement with liquid hydration and vital nutrients into cleansed skin. **Oxygen Science** Aquaporin with infusion of Purslane Oleraceae extracts, Urea, Hyaluronic acid, liquid vitamins and aloe vera leaves you with a fresh feeling glow and looking more beautiful.

CocoonAqua IR™ unique **Oxygen Science™ ALIVE™** Technology (Aquaporin Liquid Infusion Vitamin Energizing) nourishes skin cells and reveals glowing beautiful skin while automatically accelerating the natural exfoliation process with use of aquafoliation steam.

Hydrofusion allows you to use the natural energies individually or simultaneously. The extraordinary Cocoon Aqua IR engineering breakthrough created a single blend energy and wonderful infused hydration force through the harmonization of radiant heat and steam.

Relax Rejuvenate Recover

Radiant IR + Infused Steam + Liquid Vitamin Oxygen Science™ Solutions

The two heat sources are harmonized to provide a combination of penetrating radiant heat with a blanket of heated steam. A wide selection of liquid vitamins, natural herbs, specialty solutions are infused into the steam vapor for topical absorption by the skin. This extraordinary 4-in-1 breakthrough system will bathe your clients in steamed liquid vitamins and nutrient solutions with dual-heat energies to relax and the appearance of clean, beautiful, radiant-looking glowing skin.

“ After my CocoonAqua IR herbal cleansing & IR steam session, I have more energy, my skin all over my body is feels ultra clean – super soft and looks glowing! ”

– ADM, Skin Brite Esthetician,
Los Angeles, CA

Hydrofusion™

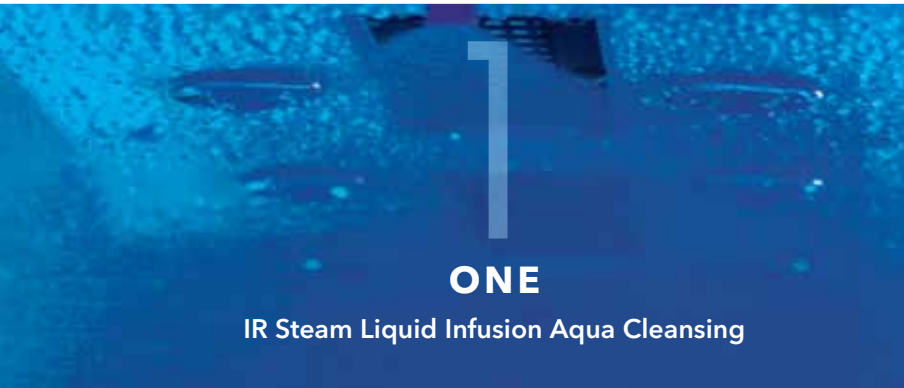

CocoonAqua IR™ Hydrofusion is an extraordinary engineering breakthrough creating a single blended energy force through the harmonization of far infrared heat and steam, allows you to use both of these natural energies individually or simultaneously. Increased body temperatures cause the skin to perspire to keep the core temperature stable, cleansing and hydrating. It also promotes a healthy weight and encourages healthy nutrition and hydration. Together, these elements join forces to optimize body cleansing, moisturization, and can improve physical fitness. Plus improve relaxation, sleep management, including managing stress and these are just a few powerful benefits.

- **Infrared:** The infrared emitters are engineered to produce comfortable heat within the far infrared category.
- **Steam:** Moist heat is gentler on the body than the dry heat of a sauna because it softens the skin as it opens pores and stimulates perspiration. Herbs or essential oils infused into steam will enhance the results. **CocoonAqua IR™** features adjustable temperature steam for body and skin therapy (up to 48°C/118°F).
- **Mist:** A light mist is instantly dispersed over the body via the touch of a button; if desired, you can add minerals and vitamins to the mist creating an added treatment and nutrient similar to all natural hot springs therapies services.
- **Vitamin/Mineral System:** Dispenses nutrients such as vitamins and minerals into the mist stream allowing skin to transdermally drink up the nourishment and vitamins and minerals. The mist system can have the same benefits as a mineral springs bath.
- **Radiant Heat:** Radiant heat emitted into the body chamber delivers penetrating & soothing ambient warmth.
- **Aromatherapy:** Two unique aroma reservoirs that vaporize essential oils and herbal extracts to awaken olfactory senses and to enhance results and enjoyment. Pure essential oils and herbal essences stimulate the body through the sense of smell. Aromatherapy essential oils and herbal extracts may be combined to achieve customized results. Promotes relaxation and sleep management as well as stress management.

- **Chromolights:** State-of-the-art digital lighting technology and multiple, chromotherapy light stations to generate a variety of rich and atmospheric colored lights. Emanating from the translucent pebble-grain shell, the mood enhancing chromolights glow will put your client in a total state of harmony and balance. By combining color sessions with other spa services, their effects are dramatic. Each one of the **CocoonAqua IR's** pre-set programs features a different Colorbath™ with random color changes and multicolor cross fades made up of all the colors of the spectrum, from soothing and relaxing, to balancing and energizing.
- **Vibratory Massage Bed:** Engage all of the body's systems to work in unison toward the goal of systemic harmony. Cradling the body, the ergonomically-designed support bed features a patented massage vibration system featuring continuous and pulsating vibration to stimulate the body.
- **Liquid Vitamin Solutions Infusion System:** Specialty formulas and solutions are time-released into the steam system to infuse and penetrate the skin. **Oxygen Science Concentrates:** Hydrate/Aloe, Cleanse/Mineral Melanin, Brighten/ E&C, or CoQ/ Weight Management. Add one ounce (3 capfuls) of selected formula and pour e into the diffusion reservoir each session.
- **Adjustable Cool Facial Air:** Meet the comfort needs of your clients and cool their face and head while their whole body is deeply heated and infused with hydration.

“

CocoonAqua IR 4-in-1 technology system is perfect for my business. My clients love the rejuvenating aquafusion liquid vitamin solution and the nutritifying steam IR Infusion.

I like how easy it is to customize each session for my client needs. I love that there is no plumbing, and no special cleaning, just 3 cap fulls of highly concentrated solutions per session.

It's 100% All Natural & Gentle.”
